

# Shaping the green economy. Business recommendations for the post-2012 framework.

World Business Summit on Climate Change  
Copenhagen, 24-26 May 2009

## Program: Private meetings and events

The Summit will be structured as a series of plenary sessions, industry and technology specific meetings and exclusive roundtable discussions. This program gives an overview of meetings and events that fall outside of the official program but feed into the Summit process as specialized input from sectors, industries and sustainability initiatives.

### Sunday 24 May 2009
